## TO WHOM IT MAY CONCERN

Jakarta, 25 May 2011

The International Organization of Migration (IOM) mission in Indonesia, issues this letter for company "LBG Le Boutillier Group Co.,Ltd" from Bangkok upon their request.

IOM during the month of May 2011 engaged the services of LBG and their managing director Mr. Aaron Le Boutillier whom provided a one day training course in Jakarta on the subject of "Self defense" for a group of IOM staff members in Indonesia.

Throughout the training course, Mr. Aaron executed comprehensive high quality training on the related subject, covering psychological and physical aspects in self defense in various working environments.

IOM is highly satisfied with the quality of provided services as well as expertise of the company on security and self defense subjects.

Hence, through this letter I endorse the company to other parties interested for similar security training services.
