SECURITY & INVESTIGATIONS

## Investigations

### Corporate investigation experts for Thailand

LBG works closely with organizations and law enforcement agencies within the region to deliver a variety of investigative consultancy services and in-house security training courses.

Your opportunity... to allow LBG to deliver strategic information and research results in an accurate and confidential work product.

**Your greatest risk... is not to do your due diligence and investigate.**

### **LBG Investigations Experience**

LBG is able to utilize over 15 years of experience in S.E. Asia. With our extensive experience and our senior consultant having investigated some of the UK's most serious crimes, we have the knowledge and ability to deliver the highest investigative service.

Our team of trained investigators includes forensic accountants, lawyers, former regulators, former law enforcement agents, experts in forensic technology and corporate intelligence

### **What LBG can do for you**

To provide ongoing access to the best investigative resources within the region, whilst fulfilling your investigative needs on a national and international basis.
